

1. NOTE: DO NOT FOLLOW GOOGLE MAPS / SATNAV BEYOND THIS POINT!
 We are inside East Quay port entrance (shown in the photo). Check in at the security office (grey portacabin). If you are walking, you will need a hi-vis vest which will be issued here. Go through security barrier, then immediately bear left.

2. Cross over this railway level crossing then proceed another 50 metres to the Y junction (see photo 3 below)

3. Take the left hand fork at this Y junction. Proceed to the end of the road

4. At the end of this road, keep left. Head towards the tall building shown in the photo, keeping the steel fence on your right hand side. Seahaven Maritime Academy is just past the steel fence. The reception / office is to the right of the tall building, and next to our sister company, Belay Rope Access.

5. NOTE: Please allow *plenty* of time to get here. Traffic hold-ups are common in this area, especially on Monday morning. If you are late for your course, *you may not be allowed to join!*
If you are held up or lost, please call as soon as possible -
